(3) Le paragraphe 4 (2.3) du Règlement est modifié par adjonction de la disposition suivante :

2.1 Les valeurs actuelles visées aux dispositions 1, 1.2 et 2 sont déterminées sans tenir compte des dispositions 7 et 10 ni des paragraphes (2.7) et (2.7.1).

3.1 Pour l'application des dispositions 1, 1.2 et 2, l'évaluation à long terme effectuée selon la méthode de répartition des prestations se sert du ou des mêmes taux d'intérêt que ceux qui ont servi dans celle effectuée selon la méthode d'évaluation actuarielle utilisée par le régime.

(5) La disposition 4 du paragraphe 4 (2.3) du Règlement est abrogée et remplacée par ce qui suit :

4. Dans le cas d'un régime qui n'est pas un régime de retraite conjoint, les valeurs actuelles visées à la disposition 2 sont calculées en fonction de celle des périodes suivantes qui est la plus longue :

ii. La période de trois ans qui commence dans les 12 mois qui suivent la date d'évaluation ou, dans le cas d'un rapport intermédiaire visé à l'article 5.5, au plus tard le 1er janvier 2007.

(8) La disposition 5 du paragraphe 4 (2.3) du Règlement est abrogée et remplacée par ce qui suit :

5. Dans le cas d'un régime de retraite conjoint :

i. les valeurs actuelles visées à la disposition 1 sont calculées en fonction du total des gains ouvrant droit à pension prévus pour chaque année de la période de trois ans visée à cette disposition,

ii. les valeurs actuelles visées à la disposition 1.2 sont calculées en fonction du total des gains ouvrant droit à pension prévus pour chaque année de la période de cinq ans visée à cette disposition,

iii. les valeurs actuelles visées à la disposition 2 sont calculées en fonction de la période utilisée pour l'application de la disposition 4.1 et du total des gains ouvrant droit à pension prévus pour chaque année de cette période,

iv. les hypothèses actuarielles utilisées pour déterminer les totaux, visés aux sous-dispositions i, ii et iii, des droits ouvrant droit à pension prévus sont compatibles avec celles utilisées dans le rapport à l'égard de l'évaluation à long terme effectuée selon la méthode de répartition des prestations.

(9) La disposition 6 du paragraphe 4 (2.3) du Règlement est modifiée par substitution de «le *Régime de pensions du Canada* ou le *Régime de rentes du Québec*» à «le *Régime de pensions du Canada*».

(10) La disposition 7 du paragraphe 4 (2.3) du Règlement est abrogée et remplacée par ce qui suit :

7. Si le taux de cotisation obligatoire fixé dans le rapport déposé aux termes de l'article 3 ou 14 à l'égard d'un régime de retraite conjoint est supérieur à celui déterminé dans le dernier rapport déposé aux termes de l'article 3, 13 ou 14, il peut, chaque année pendant un maximum de trois ans, à compter d'au plus tard 12 mois après la date d'évaluation, être augmenté d'au moins du tiers de la différence entre les deux taux de cotisation, mais seulement si les conditions suivantes sont réunies :

   i. le taux de cotisation d'après cette période correspond à un pourcentage constant des gains ouvrant droit à pension, sous réserve de toute modification requise aux fins de la coordination avec le *Régime de pensions du Canada* ou le *Régime de rentes du Québec*,

   ii. la valeur actuelle des cotisations obligatoires selon les taux majorés n'est pas inférieure :

      A. à la valeur actuelle des cotisations qui seraient versées à l'égard du coût normal du régime, déterminé selon la méthode de répartition des prestations, après affectation de tout gain actuariel à sa réduction conformément au paragraphe 7 (3), si la disposition 1 ou 1.2 s'applique,

      B. à la somme de la valeur actuelle du coût normal et de celle des paiements spéciaux déterminés conformément à l'article 5 qui seraient nécessaires pour acquitter un passif à long terme non capitalisé, déterminé selon la méthode de répartition des prestations, si la disposition 2 s'applique.

8. Pour l'application de la disposition 7, le calcul visant à déterminer si le taux de cotisation obligatoire fixé dans le rapport est supérieur à celui déterminé dans le dernier rapport déposé s'effectue sans tenir compte de la capacité d'augmenter les taux de cotisation obligatoire chaque année pendant un maximum de trois ans en vertu de cette disposition ni de celle de reporter des sommes en vertu de la disposition 10 pour réduire ces augmentations.

9. Les valeurs actuelles visées à la sous-disposition 7 ii sont calculées en fonction de la même période que celle utilisée aux fins du calcul des valeurs actuelles visées à la disposition 1, 1.2 ou 2, selon celle qui s'applique.

10. Si la disposition 7 permet d'augmenter le taux de cotisation obligatoire chaque année pendant un maximum de trois ans et que le montant de l'augmentation éventuelle de la première ou de la deuxième année dépasse le tiers de la différence entre le taux de cotisation obligatoire fixé dans le rapport et celui déterminé dans le dernier rapport déposé, l'excédent peut être reporté à l'année ou aux années suivantes et servir à réduire les augmentations faites ces années, pourvu que la valeur actuelle des cotisations obligatoires selon les taux majorés rajustés ne soit pas inférieure à celle visée à la sous-sous-disposition 7 ii A ou B, selon celle qui s'applique.

(11) Le paragraphe 4 (2.6) du Règlement est abrogé et remplacé par ce qui suit :

(2.6) Si le rapport déposé aux termes de l'article 3 ou 14 révèle, à l'égard d'un régime de retraite conjoint dont les taux de cotisation sont fixés au moyen d'une méthode de répartition des prestations, la nécessité d'une augmentation du coût normal ou d'une augmentation du montant des cotisations antérieurement réduites aux termes du paragraphe 7 (3), le versement de cette augmentation commence dans les 12 mois qui suivent la date d'évaluation.

(12) Le paragraphe 4 (2.7) du Règlement est abrogé et remplacé par ce qui suit :

(2.7) Si le rapport déposé aux termes de l'article 3 ou 14 révèle un passif à long terme non capitalisé qui doit être acquitté à l'égard d'un régime de retraite conjoint dont les taux de cotisation sont fixés au moyen d'une méthode de répartition des prestations, les paiements spéciaux rattachés à ce passif, déterminés conformément au paragraphe 5 (1.2), peuvent être augmentés d'au moins du tiers, chaque année pendant un maximum de trois ans, à compter d'au plus tard 12 mois après la date d'évaluation ou, dans le cas d'un rapport intermédiaire visé à l'article 5.5, à compter d'au plus tard le 1er janvier 2007, mais seulement si les conditions suivantes sont réunies :

a) les paiements spéciaux d'après cette période correspondent à un pourcentage constant des gains ouvrant droit à pension de chaque catégorie de participants, sous réserve de toute modification requise aux fins de la coordination avec le *Régime de pensions du Canada* ou le *Régime de rentes du Québec*;

b) la valeur actuelle des paiements spéciaux, y compris les paiements spéciaux majorés, à effectuer pendant la période d'amortissement n'est pas inférieure au passif à long terme non capitalisé.

(13) L'article 4 du Règlement est modifié par adjonction du paragraphe suivant :

(2.7.1) Si le paragraphe (2.7) permet d'augmenter chaque année, pendant un maximum de trois ans, les paiements spéciaux rattachés au passif à long terme non capitalisé, déterminés conformément au paragraphe 5 (1.2), et que le montant de l'augmentation éventuelle de la première ou de la deuxième année dépasse le tiers de ces paiements, l'excédent peut être reporté à l'année ou aux années suivantes et servir à réduire les augmentations faites ces années, pourvu que la valeur actuelle des paiements spéciaux, y compris les paiements spéciaux majorés rajustés, à effectuer pendant la période d'amortissement ne soit pas inférieure au passif à long terme non capitalisé.

3. (1) La disposition 1 du paragraphe 5 (1.2) du Règlement est abrogée et remplacée par ce qui suit :

1. Chaque paiement prévu correspond à un pourcentage constant du total des gains ouvrant droit à pension des participants au régime à la date d'évaluation estimés à la date du début de ces paiements et, après cette date, annuellement jusqu'au terme de la période d'amortissement sans tenir compte des éléments suivants :
   i. les modifications de l'affiliation au régime susceptibles de se produire après la date d'évaluation par suite de la cessation de l'emploi ou de l'affiliation, de la retraite ou du décès de participants ou de l'ajout de nouveaux participants au régime,
   ii. toutes les autres modifications de l'affiliation au régime susceptibles de se produire après la date d'évaluation.

1.1 Malgré la disposition 1, s'il existe des raisons de croire qu'il se produira une baisse importante du nombre de participants avant la fin de la période d'amortissement, le total, visé à la disposition 1, des gains ouvrant droit à pension prévus tient compte de la baisse prévue de ce total.

(2) La disposition 2 du paragraphe 5 (1.2) du Règlement est abrogée et remplacée par ce qui suit :

2. Le total, visé à la disposition 1, des gains ouvrant droit à pension prévus est déterminé selon des hypothèses actuarielles compatibles avec celles utilisées pour estimer les gains ouvrant droit à pension dans l'évaluation à long terme effectuée selon la méthode de répartition des prestations.

(3) La disposition 3 du paragraphe 5 (1.2) du Règlement est modifiée par substitution de «au paragraphe (1.1)» à «à l'alinéa (1.1) a)».

Dernier enchérisseur déclaré adjudicataire

16. Sur paiement comptant immédiat à l'encanteur du montant de l'enchère, des droits de cession immobilière applicables et des impôts accumulés, le dernier enchérisseur est déclaré adjudicataire.

DISPOSITIONS GÉNÉRALES

Report de la vente

22. (1) Si, après qu'une vente publique prévue par la Loi est annoncée conformément à l'alinéa 350 (2) b) de la Loi, le trésorier estime que l'exécution de la vente serait difficilement réalisable ou serait injuste envers les enchérisseurs ou les soumissionnaires, il peut reporter la vente et la tenir à une date ultérieure après l'avoir annoncée de nouveau conformément au même alinéa.

(2) Si une vente publique est reportée en vertu du paragraphe (1) et que la nouvelle vente n'a pas lieu dans les 90 jours qui suivent la date annoncée initialement pour la vente, le trésorier enregistre immédiatement un certificat d'annulation des arriérés d'impôts.

(3) Le paragraphe (2) n'a pas pour effet d'empêcher le trésorier d'enregistrer un nouveau certificat d'arriérés d'impôts et d'entreprendre les démarches prévues par la partie XIV de la Loi.

Retour des offres

23. S'il reporte ou annule une vente par appel d'offres, le trésorier fait ce qui suit :

Mode de paiement

26. Sous réserve de l'alinéa 6 (1) b), lorsque le présent règlement exige un paiement comptant, il peut être effectué en espèces ou sous forme de mandat, de traite bancaire ou de chèque visé par une banque ou une société de fiducie.

(2) Si un certificat d'arriérés d'impôts relatif à un bien-fonds a été enregistré avant le 1er janvier 2007, les démarches entreprises à l'égard de la vente de ce bien-fonds peuvent se poursuivre comme si le certificat avait été enregistré en vertu de la *Loi de 2006 sur la cité de Toronto*.

(2) Si une vente publique est reportée en vertu du paragraphe (1) et que la nouvelle vente n'a pas lieu dans les 90 jours qui suivent la date annoncée initialement pour la vente, le trésorier enregistre immédiatement un certificat d'annulation des arriérés d'impôts.

(3) The objection shall be filed with the clerk of the municipality and shall set out the objections and the reasons in support of them.

(4) If no objections are filed under this section, the municipality is deemed to have received the Board's approval.

(5) If an objection is filed under this section, the municipality shall forward the objection to the Board, together with the application or as soon after making the application as is reasonable.

(6) The Board shall hold a hearing to consider the application and the objections and may make any order with respect to the work as it considers appropriate.

(7) Once the municipality has given notice under section 6 indicating that it intends to apply to the Board for approval under this section,

(a) the municipality shall not undertake the work as a local improvement until,

(i) the Board's approval has been received or is deemed to have been received, or

(ii) the municipality has given a new notice under section 6 that deals with the work and does not indicate that the municipality intends to apply to the Board under this section; and

(b) the passing of a by-law to authorize undertaking the work as a local improvement is deemed not to be a contravention of this Regulation if the by-law provides that it shall not take effect until the municipality receives the Board's approval.

PETITIONS

Petitions

9. (1) A petition in favour of or against undertaking a work as a local improvement,

(a) shall contain a description of the lot of which each petitioner is the owner, by its assessment roll number as shown on the last returned assessment roll, as most recently revised, or by another description that will enable the clerk of the municipality to identify the lot; and

(b) shall be filed with the clerk, and is deemed to be received by the municipality when it is so filed.

(2) A petition in favour of undertaking a work as a local improvement shall be signed by at least two-thirds of the owners representing at least one-half of the value of the lots liable to be specially charged for the work.

(3) A petition against undertaking a work as a local improvement,

(a) shall be signed by at least a majority of the owners representing at least one-half of the value of the lots liable to be specially charged for the work; and

(b) shall be filed with the clerk within 30 days after notice is given to the public under section 6.

Sufficiency of petition

10. (1) A petition for or against undertaking a work as a local improvement is sufficient if it meets the requirements of section 9 and of this section.

(2) The sufficiency of a petition shall be determined and certified by the clerk of the municipality.

(3) If the clerk has determined and certified the sufficiency of a petition, it is deemed to be a sufficient petition even if, afterwards,

(a) the committee of revision increases or reduces the number of lots to be specially charged; or

(b) there is a change in the assessment of lots to be specially charged.

(4) If the value of a lot cannot, for any reason, be ascertained from the last returned assessment roll, as most recently revised, the clerk shall determine and certify the value for the purposes of this Regulation.

(5) In determining the sufficiency of a petition,

(a) two or more persons who are jointly assessed for a lot shall be treated as one owner only; and

(b) both, if there are two persons, or a majority of them, if there are more than two, must sign the petition in order for the lot to be counted for the purposes of subsection 9 (2) or clause 9 (3) (a).

(6) The clerk's certified determination of the sufficiency of a petition and of the value of a lot are final and binding.

Withdrawal of petition

11. A person who has signed a petition,

(a) may withdraw his or her name from the petition, by filing a written withdrawal with the clerk, before the clerk has certified the sufficiency of the petition;

(b) cannot withdraw his or her name after the clerk has certified the sufficiency of the petition.

How Costs are Borne

Cost of local improvement

12. (1) Except as otherwise provided in this Regulation, for the purposes of raising the cost of undertaking a work as a local improvement, the municipality shall,

(a) determine the municipality's share of the cost, if any; and

(b) specially charge the owners' share of the cost by imposing an equal special charge per metre of frontage,

(i) on the lots that abut directly on the work,

(ii) on lots that do not abut on the work but will be immediately benefited by it, or

(iii) on a combination of lots described in subclauses (i) and (ii).

(2) The following may be included in the cost of a work:

1. Engineering expenses.
2. The cost of advertising and of giving notices.
3. Interest on short and long-term borrowing.
4. Compensation for lands taken for the purposes of the work or injuriously affected by it, and the expenses incurred by the municipality in connection with determining the compensation.
5. The estimated cost of incurring long-term debt, including any discount allowed to the purchasers of the debt.

(3) The special charge per metre of frontage may be different for lots described in subclause (1) (b) (i) than for lots described in subclause (1) (b) (ii).

(4) If lots described in subclause (1) (b) (ii) that are to be specially charged for a work are not equally benefited by the work, the lots shall be divided into as many areas as there are different levels of benefit, so that each area includes all the lots that receive the same level of benefit.

(5) The municipality shall assign the cost of the work that is specially charged among the areas created under subsection (4) in the manner the municipality considers fair, and the portion of the cost to be borne by an area shall be specially charged on the lots in the area by an equal special charge per metre of frontage.

(6) The municipality may provide that the cost of a work to be specially charged on lots is not required to be paid with respect to one or more of the lots that are exempt from taxation.

(7) If any Act, regulation or by-law provides that special charges under this Regulation are not required to be paid with respect to a lot, the following rules apply:

1. The lot is, despite the exemption, subject to this Regulation for all purposes and shall be specially charged. However, the special charges that become payable while the lot remains exempt shall be paid by the municipality and are not collectable from the owner.
2. The owner of the lot may not petition in favour of or against undertaking a work as a local improvement.
3. The owner of the lot and its value shall not be considered in determining the sufficiency of a petition.

Cost of water service pipe, private service connection, drive approach

13. (1) Subject to subsection (2), the cost of a water service pipe, private sewer connection or drive approach that is specially charged shall be specially charged on the particular lot for which it was constructed.

(2) Unless the two sides of a highway are served by separate water mains or sewers, the cost of water service pipes and private sewer connections shall be the cost of the work from the centre of the highway to the edge of the highway, regardless of the location of the water main or sewer.

Deduction of grants, etc. from cost of work

14. The amount of a grant or other contribution in cash to be received by the municipality and to be applied towards the cost of any work shall be deducted from the entire cost of the work, subject to subsection 15 (2).

Municipality's share of cost

15. (1) The municipality's share of the cost of a work shall include any excess cost that is caused by the work being constructed with a greater capacity than is required for the purposes of the lots that are specially charged.

(2) The amount of a grant or other contribution that is to be applied towards any excess cost described in subsection (1) shall be applied to reduce the municipality's share of the cost.

Reductions and increases in special charges

16. (1) If a lot has a flankage and a frontage that abuts on a work and the size and nature of the lot is such that all or part of the work that abuts on the flankage is of no benefit to the lot, a reduction shall be made in the amount to be specially charged in respect of that flankage, sufficient to adjust the amount charged on that lot on a just and equitable basis as compared with the other specially charged lots.

(2) If all or part of a lot is unfit for building purposes, a reduction shall be made in the amount that is to be specially charged on the lot, sufficient to adjust that amount on a just and equitable basis as compared with the amount to be charged on the other specially charged lots that are fit for building purposes.

(3) If a lot has a larger frontage than the threshold described in subsection (4) and will not benefit from a work to the same degree as other lots benefited by the work, a reduction shall be made in the amount to be specially charged on the lot, sufficient to adjust that amount on a just and equitable basis as compared with the other specially charged lots.

(4) The threshold referred to in subsection (3) is,

(a) the number of metres that the municipality specifies by by-law; or

(b) if the matter is not dealt with by by-law, 30 metres.

(5) A reduction or increase shall be made in the amount to be specially charged on a triangular or irregularly shaped lot, sufficient to adjust that amount on a just and equitable basis as compared with the other specially charged lots, having regard to the situation, value and superficial area of the lot.

(6) A reduction or increase required by this section shall be made by deducting from or adding to the total frontage of the lot liable to be specially charged a number of metres sufficient to make the proper reduction or increase, but the whole of the lot shall be charged with the amount to be specially charged on the lot.

(7) The amount of any reduction or increase in the amount to be specially charged on a lot shall be added to or deducted from the municipality's share of the cost.

Reduction in special charges

17. (1) If the municipality is of the opinion that any lot abutting on the work will not benefit from it, or will not benefit from it to the same extent as other lots benefited by the work, the municipality may reduce the amount to be specially charged on that lot, to adjust the amount on a just and equitable basis as compared with the other specially charged lots.

(2) If the municipality reduces the amount to be specially charged to zero, the amount of the reduction in the amount to be specially charged on the lot shall continue to be included in the owners' share of the cost of the work and specially charged on the reduced frontage.

(3) If the municipality reduces the amount to be specially charged to an amount that is greater than zero, the amount of the reduction in the amount to be specially charged on the lot shall be added to the municipality's share of the cost.

(4) A reduction under this section shall be made by deducting from the total frontage of the lot a number of metres sufficient to make the proper reduction, but the whole of the lot shall be charged with the amount, if any, to be specially charged on the lot.

Apportioning special charges if lot subdivided

18. (1) If a lot that is or is to be specially charged is subdivided into two or more new lots, the municipality may apportion the amount described in subsection (2) among the new lots according to the extent of their respective frontages by imposing an equal special charge per metre of frontage.

(2) The amount that may be apportioned under subsection (1) is the sum of,

(a) the special charges that would otherwise have been charged on the original lot; and

(b) any special charges that would, but for this section, become part of the municipality's share of the cost because of any new highway provided for by the subdivision.

(3) Despite subsection (1), if the municipality is of the opinion that the new lots do not all benefit from the work to the same degree, the municipality may apportion the special charges among the new lots in any manner the municipality considers just and equitable, having regard to the relative degree of benefit received by each of the new lots.

(4) Section 21 applies, with necessary modifications, to special charges imposed under subsection (1).

(5) The local improvement roll shall be amended to reflect the changes made under this section.

PROCEDURE FOR IMPOSING SPECIAL CHARGES

Committee of revision

19. (1) The municipality may establish a committee of revision consisting of three or five members appointed by the council.

(2) Every member of the committee shall be a person who is qualified to be elected as a member of the council.

(3) A majority of the members of the committee constitutes a quorum.

Local improvement roll

20. Before a special charge is imposed, the treasurer of the municipality shall prepare a local improvement roll setting out,

(a) the cost of the work;

(b) every lot to be specially charged, the name of the owner and the number of metres of its frontage to be specially charged;

(c) every lot that, but for subsection 12 (7), would be exempt from being specially charged, and the number of metres of its frontage;

(d) the special charges per metre of frontage with which each lot is to be specially charged;

(e) when the special charges described in clause (d) shall be paid; and

(f) the lifetime of the work.

Notice of hearing

21. (1) Before a special charge is imposed, the municipality shall set a time and a place for the committee of revision to hold a hearing about,

(a) objections against the proposed local improvement roll; and

(b) the municipality's proposed revisions to the proposed local improvement roll.

(2) The municipality shall give notice of the hearing to the public and to the owner of every lot to be specially charged.

(3) Any person who owns a lot to be specially charged may object to a special charge by filing an objection, setting out the objection and the reasons in support of it, with the clerk of the municipality not later than seven days before the day set for the hearing.

(4) The municipality may propose a revision to the proposed local improvement roll by filing a proposed revision, setting out the proposed revision and the reasons in support of it, with the clerk not later than seven days before the day set for the hearing.

(5) If no objection or proposed revision is received under this section, the treasurer shall certify the local improvement roll, without a hearing by the committee.

Statement of cost of work

22. (1) Before a special charge is imposed, the engineer and the treasurer of the municipality shall prepare and certify a statement showing the actual cost of the work.

(2) If the final cost of the work is not yet known and, in the opinion of the engineer and treasurer, work whose cost amounts to 75 per cent of the final cost has been completed, the engineer and treasurer shall estimate the actual cost of the work for the purpose of subsection (1).

(3) When an estimate is used as described in subsection (2),

(a) the engineer and the treasurer shall certify the final cost of the work when it is known;

(b) if the final cost as certified under clause (a) is more than the amount set out in the statement or the amount determined by the committee of revision under section 24, the excess shall be borne by the municipality; and

(c) if the final cost as certified under clause (a) is less than the amount set out in the statement or the amount determined by the committee of revision under section 24, the difference shall be applied towards payment of the special charges imposed with respect to the work.

Public access to local improvement roll and statement of cost

23. Copies of the local improvement roll prepared under section 20 and of the statement of cost prepared under section 22,

(a) shall be available for inspection at the office of the clerk of the municipality until the treasurer of the municipality has certified the local improvement roll; and

(b) shall be provided to the committee of revision before the start of any hearing under section 21.

Committee of revision may correct local improvement roll

24. At a hearing held under section 21, the committee of revision may review the proposed local improvement roll and correct it as to any or all of the following matters:

1. The cost of the work.
2. The names of the owners of the lots.
3. The frontage or other measurements of the lots.
4. The amount of the reduction or increase to be made under section 16 or 17 in respect of any lot.
5. The lots that would be exempt from being specially charged, but for subsection 12 (7).
6. The lifetime of the work.
7. The charge per metre of frontage to be imposed on any lot.
8. If all or part of the owners' share of the cost is to be specially charged on lots that do not abut on the work,
   i. the non-abutting lots that are to be specially charged, and
   ii. the amount of the special charge to be imposed on them.

Power of committee of revision to add lot to be specially charged

25. (1) During a hearing held under section 21, if it appears to the committee of revision that any lot that has not been specially charged should be specially charged or, as a result of a proposed revision by the municipality under section 21, a special charge for any lot should be changed, the committee shall adjourn its hearing for at least 14 days and shall cause notice to be given to the owner of the lot.

(2) If the committee of revision determines that a lot should be specially charged, the committee shall determine the amount to be specially charged on the lot.

(3) Despite subsection (1), the committee of revision may, with the written consent of the owner of the lot, dispense with an adjournment or reduce it to less than 14 days.

Special charge imposed if circumstances change

26. (1) If a reduction is made under section 16 or 17 with respect to a lot and circumstances change so that the reduction is no longer warranted, the municipality may impose on the lot the special charge that would originally have been imposed, for the year in which the circumstances change and for the remaining years in which special charges are imposed.

(2) Before an increased special charge is imposed under subsection (1), notice of the proposed special charge shall be given to the owner of the lot.

(3) A person may object to the increase to the special charge on the grounds that the special charge is incorrect or not warranted by filing a written objection, setting out the objection and the reasons in support of it, with the clerk of the municipality within 10 days after notice is given under subsection (2).

(4) The committee of revision shall hold a hearing to consider the objection and may make any decision the municipality could have made.

Committee of revision may reduce special charge in case of gross error

27. (1) The committee of revision may, at any time after the certification of the local improvement roll, reduce any special charge for the current year and the remaining years for which the special charge is imposed if it determines that the special charge is incorrect by reason of any gross or manifest error.

(2) The amount of the reduction shall be borne by the municipality.

Committee of revision cannot change proportion of municipality's and owners' share of costs

28. The committee of revision does not have the authority to change the proportion of the municipality's and the owners' share of the cost, except to the extent that the proportion may be affected by a decision made under section 24, 25, 26 or 27.

Amendments to local improvement roll

29. (1) The treasurer of the municipality shall make any corrections in the local improvement roll that are necessary to give effect to a decision of the committee of revision, and shall certify the corrected roll.

(2) The local improvement roll, when certified by the treasurer under subsection (1) or 21 (5), and the special charges set out in the certified local improvement roll are final and binding, except where otherwise provided in this Regulation.

(3) When the local improvement roll is certified by the treasurer under subsection (1) or 21 (5), the work in respect of which the roll has been prepared and certified is conclusively deemed to have been lawfully undertaken in accordance with this Regulation.

Special charges by-law

30. (1) After the treasurer of the municipality has certified the local improvement roll under section 21 or 29, the municipality shall by by-law provide that,

(a) the amount specially charged on each lot set out in the roll shall be sufficient to raise that lot's share of the cost by a specified number of annual payments; and

(b) a special charge shall be imposed in each year on each lot equal to the amount of the payment payable in that year.

(2) The amount of each annual payment shall be entered in the local improvement roll.

(3) The annual payments with respect to a work shall not extend beyond its lifetime.

Annual payments commuted to one present value payment

31. (1) Despite section 30, the municipality may allow two or more annual payments with respect to a lot to be commuted for a single payment equal to the present value of the annual payments.

(2) For the purpose of calculating the present value, the municipality shall use the rate of interest it considers appropriate.

Agreement between municipalities re joint local improvement

32. (1) Two or more municipalities may enter into an agreement to undertake any work as a joint local improvement.

(2) The agreement may specify,

(a) which municipality will undertake the work;

(b) the manner in which the cost of the work is to be financed;

(c) the proportions in which the amount described in subsection (3) shall be borne by the municipalities respectively; and

(d) the times at which amounts are to be paid from one municipality to another.

(3) The amount mentioned in clause (2) (c) is the portion of the cost of the work that is payable by the municipality that will undertake the work and not to be specially charged under this Regulation.

(4) The municipality that will undertake the work has all the powers and duties in respect of the work that may be exercised or are to be performed by a municipality that undertakes a work as a local improvement and, for the purposes of undertaking the work, it is deemed to lie wholly within and to be under the exclusive jurisdiction of the municipality that will undertake it.

(5) The clerk of the municipality that will undertake the work shall give a copy of the by-law imposing special charges to the clerk of any other municipality where a lot on which special charges have been imposed is located.

(6) The special charges required by the by-law to be imposed and collected in any year on lots in any municipality, other than the municipality that will undertake the work, shall be collected by the treasurer of the municipality in which the lots are located as if the special charges had been imposed by that municipality, and the proceeds of the special charges shall form part of the operating revenues of the municipality collecting them.

(7) A municipality that is a party to an agreement under this section may assume all or a part of the cost of any work undertaken under this section that is to be specially charged on lots in the municipality, and thereafter that cost shall be borne by that municipality.

Special charges do not encumber land

33. (1) Special charges imposed on land under this Regulation do not constitute an encumbrance on the land unless they are unpaid and in arrears.

(2) Subsection (1) applies,

(a) as between vendor and purchaser; and

(b) in respect of a covenant,

(i) against encumbrances,

(ii) for the right to convey, or

(iii) for quiet possession free from encumbrances.

DEBT

Reserve fund for payment of long-term debt

34. (1) If the municipality incurs long-term debt with respect to the cost of undertaking a work as a local improvement, special charges imposed and collected in accordance with this Regulation with respect to the work shall be placed in a reserve fund for the payment of the long-term debt and the fund, including interest, shall not be used for any other purpose until the debt is paid in full.

(2) Subsection (1) does not apply to a present value payment under section 31 if the municipality reduced the amount of the long-term debt it incurred with respect to the work to reflect the present value payment.

Prescribed limits not applicable

35. Debt and financial obligation limits for municipalities prescribed under subsection 401 (4) of the Act do not apply to long-term debt incurred with respect to the owners' share of the cost of a work.

Borrowing or special charges by-law not invalid if local improvement roll certified

36. (1) If the local improvement roll with respect to a work is certified under section 21 or 29, no by-law for borrowing money or imposing special charges with respect to the work shall be quashed, set aside or otherwise found to be invalid because it is illegal or for any other defect in it.

(2) A court in which a proceeding is taken to quash, set aside or otherwise find a by-law described in subsection (1) to be invalid may, on the conditions the court considers appropriate, order the municipality to amend or replace the by-law so that it would be valid even in the absence of that subsection.

(3) The municipality, on the request of any person to whom the municipality has incurred any liability, obligation or debt under a by-law described in subsection (1), may amend or replace the by-law so that it would be valid even in the absence of that subsection.

(4) Every liability, obligation or debt incurred by the municipality under a by-law that is amended in the circumstances described in subsection (2) or (3) is as valid and binding as if the amended or replacement by-law had been in force at the time the liability, obligation or debt was incurred.

(3) If the City has power to undertake a private work, under section 19 of the Act or under any other provision of any Act, it may undertake the private work as a local improvement, and this Regulation applies to undertaking the private work as a local improvement as if the City were undertaking its own work.

Reduction includes exemption

3. For greater certainty, in this Regulation a reference to reducing a charge or other amount includes reducing it to zero.

Notice

4. (1) Any person or body that is required to give notice under this Regulation shall, except as otherwise provided, give notice in the form, in the manner and at the time that the person or body considers adequate to give reasonable notice.

(2) A notice to an owner for the purposes of subsections 6 (1), 21 (2), 25 (1) and 26 (2) is sufficiently given if it is,

(a) served personally;

(b) lots that do not abut on the work but will be immediately benefited by it; or

(c) a combination of the lots described in clauses (a) and (b).

(2) If the City undertakes a work as a local improvement, a special charge imposed with respect to the work in accordance with this Regulation has priority lien status as described in subsection 3 (7) of the Act.

(3) A by-law for undertaking a work as a local improvement shall specify the estimated cost of the work, the owners' share of the cost and the City's share of the cost.

(4) If a by-law has been passed for undertaking a work as a local improvement and the City wishes to make a change in the work to be undertaken, it may, with the approval of the Ontario Municipal Board, amend the by-law to provide for undertaking the work it now proposes, and in that case this Regulation, except sections 6, 7 and 8, applies to the altered work as if it had been provided for in the original by-law.

Notice of local improvement charges by-law

6. (1) Before passing a by-law to undertake a work as a local improvement under section 5, the City shall give notice of its intention to pass the by-law, to the public and to the owners of the lots liable to be specially charged.

(ii) the last day for making the petition, and

Local improvement not to proceed for two years if petition received

7. (1) If, within 30 days after notice is given to the public under section 6, the City receives a sufficient petition, as determined under section 10, against undertaking the work as a local improvement, the City shall not undertake the work as a local improvement within two years after receiving the petition.

(2) Despite subsection (1), a petition of the owners does not prevent the City from undertaking the work as a local improvement if it has received,

(a) the approval of the Ontario Municipal Board under section 8 to undertake the work as a local improvement;

(b) a recommendation from the Minister of Health and Long-Term Care or the board of health for the City that the construction of the work is necessary or desirable in the public interest on sanitary grounds; or

(7) Once the City has given notice under section 6 indicating that it intends to apply to the Board for approval under this section,

(a) the City shall not undertake the work as a local improvement until,

(i) the Board's approval has been received or is deemed to have been received, or

(ii) the City has given a new notice under section 6 that deals with the work and does not indicate that the City intends to apply to the Board under this section; and

(b) the passing of a by-law to authorize undertaking the work as a local improvement is deemed not to be a contravention of this Regulation if the by-law provides that it shall not take effect until the City receives the Board's approval.

PETITIONS

Petitions

9. (1) A petition in favour of or against undertaking a work as a local improvement,

(a) shall contain a description of the lot of which each petitioner is the owner, by its assessment roll number as shown on the last returned assessment roll, as most recently revised, or by another description that will enable the clerk of the City to identify the lot; and

(b) shall be filed with the clerk, and is deemed to be received by the City when it is so filed.

(2) A petition in favour of undertaking a work as a local improvement shall be signed by at least two-thirds of the owners representing at least one-half of the value of the lots liable to be specially charged for the work.

(3) A petition against undertaking a work as a local improvement,

(a) shall be signed by at least a majority of the owners representing at least one-half of the value of the lots liable to be specially charged for the work; and

(b) shall be filed with the clerk within 30 days after notice is given to the public under section 6.

Sufficiency of petition

10. (1) A petition for or against undertaking a work as a local improvement is sufficient if it meets the requirements of section 9 and of this section.

(2) The sufficiency of a petition shall be determined and certified by the clerk of the City.

(3) If the clerk has determined and certified the sufficiency of a petition, it is deemed to be a sufficient petition even if, afterwards,

(a) the committee of revision increases or reduces the number of lots to be specially charged; or

(b) there is a change in the assessment of lots to be specially charged.

(4) If the value of a lot cannot, for any reason, be ascertained from the last returned assessment roll, as most recently revised, the clerk shall determine and certify the value for the purposes of this Regulation.

(5) In determining the sufficiency of a petition,

(a) two or more persons who are jointly assessed for a lot shall be treated as one owner only; and

(b) both, if there are two persons, or a majority of them, if there are more than two, must sign the petition in order for the lot to be counted for the purposes of subsection 9 (2) or clause 9 (3) (a).

(6) The clerk's certified determination of the sufficiency of a petition and of the value of a lot are final and binding.

Withdrawal of petition

11. A person who has signed a petition,

(b) cannot withdraw his or her name after the clerk has certified the sufficiency of the petition.

How Costs are Borne

Cost of local improvement

12. (1) Except as otherwise provided in this Regulation, for the purposes of raising the cost of undertaking a work as a local improvement, the City shall,

(a) determine the City's share of the cost, if any; and

(b) specially charge the owners' share of the cost by imposing an equal special charge per metre of frontage,

(i) on the lots that abut directly on the work,

(ii) on lots that do not abut on the work but will be immediately benefited by it, or

(iii) on a combination of lots described in subclauses (i) and (ii).

(2) The following may be included in the cost of a work:

1. Engineering expenses.
2. The cost of advertising and of giving notices.
3. Interest on short and long-term borrowing.
4. Compensation for lands taken for the purposes of the work or injuriously affected by it, and the expenses incurred by the City in connection with determining the compensation.
5. The estimated cost of incurring long-term debt, including any discount allowed to the purchasers of the debt.

(3) The special charge per metre of frontage may be different for lots described in subclause (1) (b) (i) than for lots described in subclause (1) (b) (ii).

(4) If lots described in subclause (1) (b) (ii) that are to be specially charged for a work are not equally benefited by the work, the lots shall be divided into as many areas as there are different levels of benefit, so that each area includes all the lots that receive the same level of benefit.

(5) The City shall assign the cost of the work that is specially charged among the areas created under subsection (4) in the manner the City considers fair, and the portion of the cost to be borne by an area shall be specially charged on the lots in the area by an equal special charge per metre of frontage.

(6) The City may provide that the cost of a work to be specially charged on lots is not required to be paid with respect to one or more of the lots that are exempt from taxation.

(7) If any Act, regulation or by-law provides that special charges under this Regulation are not required to be paid with respect to a lot, the following rules apply:

1. The lot is, despite the exemption, subject to this Regulation for all purposes and shall be specially charged. However, the special charges that become payable while the lot remains exempt shall be paid by the City and are not collectable from the owner.

2. The owner of the lot may not petition in favour of or against undertaking a work as a local improvement.

3. The owner of the lot and its value shall not be considered in determining the sufficiency of a petition.

Cost of water service pipe, private service connection, drive approach

13. (1) Subject to subsection (2), the cost of a water service pipe, private sewer connection or drive approach that is specially charged shall be specially charged on the particular lot for which it was constructed.

(2) Unless the two sides of a highway are served by separate water mains or sewers, the cost of water service pipes and private sewer connections shall be the cost of the work from the centre of the highway to the edge of the highway, regardless of the location of the water main or sewer.

Deduction of grants, etc. from cost of work

14. The amount of a grant or other contribution in cash to be received by the City and to be applied towards the cost of any work shall be deducted from the entire cost of the work, subject to subsection 15 (2).

City's share of cost

15. (1) The City's share of the cost of a work shall include any excess cost that is caused by the work being constructed with a greater capacity than is required for the purposes of the lots that are specially charged.

(2) The amount of a grant or other contribution that is to be applied towards any excess cost described in subsection (1) shall be applied to reduce the City's share of the cost.

Reductions and increases in special charges

16. (1) If a lot has a flankage and a frontage that abuts on a work and the size and nature of the lot is such that all or part of the work that abuts on the flankage is of no benefit to the lot, a reduction shall be made in the amount to be specially charged in respect of that flankage, sufficient to adjust the amount charged on that lot on a just and equitable basis as compared with the other specially charged lots.

(2) If all or part of a lot is unfit for building purposes, a reduction shall be made in the amount that is to be specially charged on the lot, sufficient to adjust that amount on a just and equitable basis as compared with the amount to be charged on the other specially charged lots that are fit for building purposes.

(3) If a lot has a larger frontage than the threshold described in subsection (4) and will not benefit from a work to the same degree as other lots benefited by the work, a reduction shall be made in the amount to be specially charged on the lot, sufficient to adjust that amount on a just and equitable basis as compared with the other specially charged lots.

(4) The threshold referred to in subsection (3) is,

(a) the number of metres that the City specifies by by-law; or

(b) if the matter is not dealt with by by-law, 30 metres.

(5) A reduction or increase shall be made in the amount to be specially charged on a triangular or irregularly shaped lot, sufficient to adjust that amount on a just and equitable basis as compared with the other specially charged lots, having regard to the situation, value and superficial area of the lot.

(6) A reduction or increase required by this section shall be made by deducting from or adding to the total frontage of the lot liable to be specially charged a number of metres sufficient to make the proper reduction or increase, but the whole of the lot shall be charged with the amount to be specially charged on the lot.

(7) The amount of any reduction or increase in the amount to be specially charged on a lot shall be added to or deducted from the City's share of the cost.

Reduction in special charges

17. (1) If the City is of the opinion that any lot abutting on the work will not benefit from it, or will not benefit from it to the same extent as other lots benefited by the work, the City may reduce the amount to be specially charged on that lot, to adjust the amount on a just and equitable basis as compared with the other specially charged lots.

(2) If the City reduces the amount to be specially charged to zero, the amount of the reduction in the amount to be specially charged on the lot shall continue to be included in the owners' share of the cost of the work and specially charged on the reduced frontage.

(3) If the City reduces the amount to be specially charged to an amount that is greater than zero, the amount of the reduction in the amount to be specially charged on the lot shall be added to the City's share of the cost.

(4) A reduction under this section shall be made by deducting from the total frontage of the lot a number of metres sufficient to make the proper reduction, but the whole of the lot shall be charged with the amount, if any, to be specially charged on the lot.

Apportioning special charges if lot subdivided

18. (1) If a lot that is or is to be specially charged is subdivided into two or more new lots, the City may apportion the amount described in subsection (2) among the new lots according to the extent of their respective frontages by imposing an equal special charge per metre of frontage.

(2) The amount that may be apportioned under subsection (1) is the sum of,

(a) the special charges that would otherwise have been charged on the original lot; and

(b) any special charges that would, but for this section, become part of the City's share of the cost because of any new highway provided for by the subdivision.

(3) Despite subsection (1), if the City is of the opinion that the new lots do not all benefit from the work to the same degree, the City may apportion the special charges among the new lots in any manner the City considers just and equitable, having regard to the relative degree of benefit received by each of the new lots.

(4) Section 21 applies, with necessary modifications, to special charges imposed under subsection (1).

(5) The local improvement roll shall be amended to reflect the changes made under this section.

PROCEDURE FOR IMPOSING SPECIAL CHARGES

(2) The City shall give notice of the hearing to the public and to the owner of every lot to be specially charged.

(4) The City may propose a revision to the proposed local improvement roll by filing a proposed revision, setting out the proposed revision and the reasons in support of it, with the clerk not later than seven days before the day set for the hearing.

(5) If no objection or proposed revision is received under this section, the treasurer shall certify the local improvement roll, without a hearing by the committee.

Statement of cost of work

22. (1) Before a special charge is imposed, the engineer and the treasurer of the City shall prepare and certify a statement showing the actual cost of the work.

(2) If the final cost of the work is not yet known and, in the opinion of the engineer and treasurer, work whose cost amounts to 75 per cent of the final cost has been completed, the engineer and treasurer shall estimate the actual cost of the work for the purpose of subsection (1).

(3) When an estimate is used as described in subsection (2),

(a) the engineer and the treasurer shall certify the final cost of the work when it is known;

(b) if the final cost as certified under clause (a) is more than the amount set out in the statement or the amount determined by the committee of revision under section 24, the excess shall be borne by the City; and

(c) if the final cost as certified under clause (a) is less than the amount set out in the statement or the amount determined by the committee of revision under section 24, the difference shall be applied towards payment of the special charges imposed with respect to the work.

Public access to local improvement roll and statement of cost

23. Copies of the local improvement roll prepared under section 20 and of the statement of cost prepared under section 22,

(a) shall be available for inspection at the office of the clerk of the City until the treasurer of the City has certified the local improvement roll; and

(b) shall be provided to the committee of revision before the start of any hearing under section 21.

Committee of revision may correct local improvement roll

24. At a hearing held under section 21, the committee of revision may review the proposed local improvement roll and correct it as to any or all of the following matters:

1. The cost of the work.
2. The names of the owners of the lots.
3. The frontage or other measurements of the lots.
4. The amount of the reduction or increase to be made under section 16 or 17 in respect of any lot.

   ii. the amount of the special charge to be imposed on them.

Power of committee of revision to add lot to be specially charged

25. (1) During a hearing held under section 21, if it appears to the committee of revision that any lot that has not been specially charged should be specially charged or, as a result of a proposed revision by the City under section 21, a special charge for any lot should be changed, the committee shall adjourn its hearing for at least 14 days and shall cause notice to be given to the owner of the lot.

(2) If the committee of revision determines that a lot should be specially charged, the committee shall determine the amount to be specially charged on the lot.

(3) Despite subsection (1), the committee of revision may, with the written consent of the owner of the lot, dispense with an adjournment or reduce it to less than 14 days.

Special charge imposed if circumstances change

26. (1) If a reduction is made under section 16 or 17 with respect to a lot and circumstances change so that the reduction is no longer warranted, the City may impose on the lot the special charge that would originally have been imposed, for the year in which the circumstances change and for the remaining years in which special charges are imposed.

(2) Before an increased special charge is imposed under subsection (1), notice of the proposed special charge shall be given to the owner of the lot.

(3) A person may object to the increase to the special charge on the grounds that the special charge is incorrect or not warranted by filing a written objection, setting out the objection and the reasons in support of it, with the clerk of the City within 10 days after notice is given under subsection (2).

(4) The committee of revision shall hold a hearing to consider the objection and may make any decision the City could have made.

Committee of revision may reduce special charge in case of gross error

27. (1) The committee of revision may, at any time after the certification of the local improvement roll, reduce any special charge for the current year and the remaining years for which the special charge is imposed if it determines that the special charge is incorrect by reason of any gross or manifest error.

(2) The amount of the reduction shall be borne by the City.

Committee of revision cannot change proportion of City's and owners' share of costs

28. The committee of revision does not have the authority to change the proportion of the City's and the owners' share of the cost, except to the extent that the proportion may be affected by a decision made under section 24, 25, 26 or 27.

Amendments to local improvement roll

29. (1) The treasurer of the City shall make any corrections in the local improvement roll that are necessary to give effect to a decision of the committee of revision, and shall certify the corrected roll.

(3) When the local improvement roll is certified by the treasurer under subsection (1) or 21 (5), the work in respect of which the roll has been prepared and certified is conclusively deemed to have been lawfully undertaken in accordance with this Regulation.

Special charges by-law

30. (1) After the treasurer of the City has certified the local improvement roll under section 21 or 29, the City shall by by-law provide that,

(a) the amount specially charged on each lot set out in the roll shall be sufficient to raise that lot's share of the cost by a specified number of annual payments; and

(b) a special charge shall be imposed in each year on each lot equal to the amount of the payment payable in that year.

(2) The amount of each annual payment shall be entered in the local improvement roll.

(3) The annual payments with respect to a work shall not extend beyond its lifetime.

Annual payments commuted to one present value payment

31. (1) Despite section 30, the City may allow two or more annual payments with respect to a lot to be commuted for a single payment equal to the present value of the annual payments.

(2) For the purpose of calculating the present value, the City shall use the rate of interest it considers appropriate.

(4) The municipality that will undertake the work has all the powers and duties in respect of the work that may be exercised or are to be performed by a municipality that undertakes a work as a local improvement and, for the purposes of undertaking the work, it is deemed to lie wholly within and to be under the exclusive jurisdiction of the municipality that will undertake it.

(5) The clerk of the municipality that will undertake the work shall give a copy of the by-law imposing special charges to the clerk of any other municipality where a lot on which special charges have been imposed is located.

(6) The special charges required by the by-law to be imposed and collected in any year on lots in any municipality, other than the municipality that will undertake the work, shall be collected by the treasurer of the municipality in which the lots are located as if the special charges had been imposed by that municipality, and the proceeds of the special charges shall form part of the operating revenues of the municipality collecting them.

(7) A municipality that is a party to an agreement under this section may assume all or a part of the cost of any work undertaken under this section that is to be specially charged on lots in the municipality, and thereafter that cost shall be borne by that municipality.

Special charges do not encumber land

33. (1) Special charges imposed on land under this Regulation do not constitute an encumbrance on the land unless they are unpaid and in arrears.

(2) Subsection (1) applies,

(b) in respect of a covenant,

(i) against encumbrances,

(ii) for the right to convey, or

(iii) for quiet possession free from encumbrances.

(2) Subsection (1) does not apply to a present value payment under section 31 if the City reduced the amount of the long-term debt it incurred with respect to the work to reflect the present value payment.

Borrowing or special charges by-law not invalid if local improvement roll certified

35. (1) If the local improvement roll with respect to a work is certified under section 21 or 29, no by-law for borrowing money or imposing special charges with respect to the work shall be quashed, set aside or otherwise found to be invalid because it is illegal or for any other defect in it.

(2) A court in which a proceeding is taken to quash, set aside or otherwise find a by-law described in subsection (1) to be invalid may, on the conditions the court considers appropriate, order the City to amend or replace the by-law so that it would be valid even in the absence of that subsection.

(3) The City, on the request of any person to whom the City has incurred any liability, obligation or debt under a by-law described in subsection (1), may amend or replace the by-law so that it would be valid even in the absence of that subsection.

Notice of Proposed Regulation Accountability Regulation Under the *Local Health System Integration Act, 2006*

Introduction

The Minister of Health and Long-Term Care on behalf of the Government of Ontario invites public comments on a proposed regulation under the *Local Health System Integration Act, 2006* (the Act).

Under the Act, the Minister is required to publish a notice of the proposed regulation in *The Ontario Gazette*, containing the wording of the proposed regulation and allow at least 60 days for public comment.

Overview of the Legislation

The *Local Health System Integration Act, 2006* was passed by the Legislature on March 1, 2006 and received Royal Assent on March 28, 2006. The purpose of the legislation is to establish an integrated health system to improve the health of Ontarians through better access to health services, coordinated health care and effective and efficient management of the health system at the local level by local health integration networks (LHINs).

Section 20 of the Act requires a LHIN and health service provider that receives funding from the LHIN to enter into a service accountability agreement as set out in part III of the *Commitment to the Future of Medicare Act, 2004* (CFMA). The CFMA, in part, requires LHINs to give notice to a health service provider to negotiate a service accountability agreement and to have an agreement negotiated within 90 days after the notice has been given.

Section 37 (1)(c) of the Act permits the Lieutenant Governor in Council to make a regulation exempting a health service provider, LHINs or a class of health service providers from any provision of the Act by specifying the circumstances in which the exemption applies.

Background

Reasons for this Accountability Regulation

Responsibility for over 2,000 service agreements are expected to be transferred from the Ministry of Health and Long-Term Care to the LHINs in the spring, 2007 if certain provisions of the Act are proclaimed by the Lieutenant Governor in Council. The transfer of service agreements is a transition step as LHINs and health service providers (e.g. hospitals, community agencies) develop their new accountability relationships. The Act anticipates that the LHIN and the health service providers it funds will eventually negotiate new, more detailed service accountability agreements that meet certain requirements.

Not all health service providers would be expected to move to new service accountability agreements with the LHINs at once. It has been planned that LHINs would gradually move to negotiating new, more detailed service accountability agreements with health service providers.

A phased approach to negotiating new service accountability agreements recognizes that some sectors, such as hospitals, have a well established negotiation process and their current agreements meet many of the requirements set out in the Act and the CFMA. Other sectors would require modifications to their agreements and process of negotiation.

The government is proposing to phase the new agreement negotiations by sector over the next three years. This phasing would be set out in a regulation that would temporarily exempt LHINs and certain health service providers from having a completely new service accountability agreement as required under the Act and the CFMA. In this interim period, LHINs and health service providers would operate under their existing agreements. The regulation would specify when, over the next three years, LHINs and health service providers would no longer be exempt and would have to negotiate a completely new service accountability agreement.

The expectation is that LHINs and public and private hospitals would be required, if approved, to begin negotiating new agreements that would be effective by April 1, 2008. As they would begin negotiations in 2007 they would not be subject to the proposed Accountability Regulation.

The following table sets out the proposed timetable for negotiations between LHINs and their health service providers.

Health Service Providers	Negotiation Year
1. Hospitals	2007/08
2. Community Health Centres	2008/09
3. Long-Term Care Homes	2008/09
4. Community Mental Health and Addictions	2008/09
5. Community Services Agencies	2008/09
6. Community Care Access Centres	2009/10

Until the new service accountability agreements are negotiated, LHINs and their health service providers would operate under existing service agreements. These agreements could be updated as needed by the LHINs and health service providers to address annual funding decisions, service expectations and other commitments.

Proposed Regulation under the *Local Health System Integration Act, 2006*

The proposed regulation would exempt LHINs from the requirement to give notice and negotiate a service accountability agreement within the 90 days that is required under the CFMA with the following health service providers: Community Health Centres, Community Mental Health and Addiction Services, Community Service Agencies, Community Care Access Centres, and Long-Term Care Homes. The regulation sets out a schedule phasing in when LHINs would be required to have new service accountability agreements with these different health service providers. A copy of the proposed regulation is attached as Schedule "A."

Avis de projet de règlement Règlement sur la responsabilisation en vertu de la *Loi de 2006 sur l'intégration du système de santé local*

Introduction

Le ministre de la Santé et des Soins de longue durée souhaite obtenir, pour le compte du gouvernement de l'Ontario, les commentaires du public sur un projet de règlement en vertu de la *Loi de 2006 sur l'intégration du système de santé* (la Loi).

Aux termes de la *Loi*, le ministre doit publier un avis du projet de règlement dans la *Gazette de l'Ontario*, contenant la formulation du projet de règlement et laisser au moins soixante (60) jours au public pour faire ses commentaires.

Aperçu de la Loi

La Loi de 2006 *sur l'intégration du système de santé local* a été adoptée par l'Assemblée législative le 1er mars 2006 et a reçu la sanction royale le 28 mars 2006. L'objectif de la Loi consiste à créer un système de santé intégré afin d'améliorer la santé de la population ontarienne grâce à un meilleur accès aux services de santé, à des soins de santé coordonnés et à une gestion efficace et efficiente du système de santé à l'échelon local par le biais de réseaux locaux d'intégration des services de santé (RLISS).

L'article 20 de la Loi exige qu'un réseau local d'intégration des services de santé et le fournisseur de services de santé qui reçoit un financement de lui concluent une entente de responsabilisation en matière de services, au sens de la partie III de la *Loi de 2004 sur l'engagement d'assurer l'avenir de l'assurance-santé*. Cette dernière loi exige, en partie, que les RLISS envoient un avis à un fournisseur de services de santé l'enjoignant à négocier une entente de responsabilisation en matière de services, et négocient une entente dans les 90 jours suivant l'avis.

L'alinéa 37 (1) c) de la Loi autorise le lieutenant-gouverneur en conseil, par règlement, à soustraire un fournisseur de services de santé, un réseau local d'intégration des services de santé ou une catégorie de tels fournisseurs ou de tels réseaux à l'application de toute disposition de la présente loi et à préciser les circonstances dans lesquelles la dispense s'applique.

Contexte

Motifs justifiant ce règlement sur la responsabilisation

La responsabilité de plus de 2 000 ententes de services devrait être transférée par le ministère de la Santé et des Soins de longue durée aux RLISS au printemps de 2007, si certaines dispositions de la Loi sont promulguées par le lieutenant-gouverneur en conseil. Le transfert de ces ententes de services est une étape transitoire dans le cadre de l'établissement des nouveaux liens de responsabilisation entre les RLISS et les fournisseurs de services de santé (c'est-à-dire les hôpitaux, les organismes communautaires). La Loi prévoit que le RLISS et les fournisseurs de services de santé qu'il finance négocieront éventuellement de nouvelles ententes de responsabilisation en matière de services, plus détaillées, qui respecteront certaines exigences.

On ne s'attend pas à ce que tous les fournisseurs de services de santé signent immédiatement de nouvelles ententes de responsabilisation en matière de services avec les RLISS. On prévoit que les RLISS négocieront progressivement de nouvelles ententes de responsabilisation en matière de services plus détaillées avec les fournisseurs de services de santé.

Une approche graduelle pour la négociation des nouvelles ententes de responsabilisation en matière de services permet de reconnaître que certains secteurs, comme les hôpitaux, ont adopté un processus de négociation bien établi et que leurs ententes actuelles respectent nombre des exigences prévues dans la Loi et dans la *Loi sur l'engagement d'assurer l'avenir de l'assurance-santé*. D'autres secteurs devront modifier leurs ententes et leur processus de négociation.

Le gouvernement propose d'introduire graduellement les nouvelles négociations d'ententes par secteur, au cours des trois prochaines années. Cette introduction graduelle sera précisée dans un règlement qui exemptera temporairement les RLISS et certains fournisseurs de services de santé d'avoir à signer une entente de responsabilisation en matière de services totalement nouvelle, tel qu'exigé aux termes de la Loi et de la *Loi sur l'engagement d'assurer l'avenir de l'assurance-santé*. Au cours de cette période intermédiaire, les RLISS et les fournisseurs de services de santé respecteront leurs ententes actuelles. Le règlement précisera quand, au cours des trois prochaines années, les RLISS et les fournisseurs de services de santé ne seront plus exemptés et devront négocier une nouvelle entente de responsabilisation en matière de services.

On s'attend à ce que les RLISS et les hôpitaux publics et privés soient tenus, en cas d'approbation, de commencer à négocier de nouvelles ententes qui entreront en vigueur le 1er avril 2008. Comme les

négociations seront entamées en 2007, ils ne seront pas assujettis au projet de règlement sur la responsabilisation.

Le tableau suivant indique le calendrier proposé des négociations entre les RLISS et leurs fournisseurs de services de santé.

Fournisseurs de services de santé	Année de négociation
1. Hôpitaux	2007-2008
2. Centres de santé communautaire	2008-2009
3. Foyers de soins de longue durée	2008-2009
4. Santé mentale communautaire et toxicomanie	2008-2009
5. Organismes de services communautaires	2008-2009
6. Centres d'accès aux soins communautaires	2009-2010

En attendant que les nouvelles ententes de responsabilisation en matière de services soient négociées, les RLISS et leurs fournisseurs de services de santé respecteront les ententes de services actuelles. Ces ententes seront mises à jour, le cas échéant, par les RLISS et les fournisseurs de services de santé, afin de tenir compte des décision de financement annuelles, des attentes en matière de services et d'autres engagements.

Projet de règlement en vertu de la *Loi de 2006 sur l'intégration du système de santé local*

Le projet de règlement exemptera les RLISS de l'obligation de donner un préavis et de négocier une entente de responsabilisation en matière de services dans un délai de 90 jours, obligation imposée aux termes de la *Loi sur l'engagement d'assurer l'avenir de l'assurance-santé* aux fournisseurs de services de santé suivants : centres de santé communautaires, services communautaires de santé mentale et de lutte contre la toxicomanie, organismes de services communautaires, centres d'accès aux soins communautaires et foyers de soins de longue durée. Le règlement prévoit un calendrier graduel indiquant quand les RLISS seront tenus de négocier de nouvelles ententes de responsabilisation en matière de services avec ces différents fournisseurs de services de santé. Une copie du projet de règlement est joint sous forme d'Annexe « A ».

Introduction

The Minister of Health and Long-Term Care on behalf of the Government of Ontario invites public comments on a proposed regulation made under the *Local Health System Integration Act, 2006*.

The Act requires the Minister to establish a health council of Aboriginal representatives be established to advise the Minister about health and service delivery issues related to Aboriginal and First Nations peoples and priorities and strategies for the provincial strategic plan related to those peoples. The Lieutenant Governor in Council is authorized under the Act to make a regulation concerning the member organizations of the council.

Under the Act, the Minister is required to publish a notice of the proposed regulation in *The Ontario Gazette*, give notice of the proposed regulation and allow at least 60 days for public comment.

Overview of the Legislation

The *Local Health System Integration Act, 2006* received Royal Assent on March 28, 2006. The legislation establishes an integrated health system to improve the health of Ontarians through better access to health services, coordinated health care and effective and efficient management of the health system at the local level by local health integration networks (LHINs).

Proposed Regulation under the *Local Health System Integration Act, 2006*

The proposed regulation lists the organizations from which the council members would be selected. Under the proposed regulation, the members of the Aboriginal health council would be representatives of the following organizations:

- Aboriginal Health Centres Network of the Association of Ontario Health Centres
- Association of Iroquois and Allied Indians
- Grand Council Treaty #3
- Independent First Nations Forum
- Métis Nation of Ontario
- Nishnawbe Aski Nation
- Ontario Federation of Indian Friendship Centres
- Ontario Native Women's Association
- Union of Ontario Indians

The Aboriginal health council would have a provincial scope and would be advisory to the Minister of Health and Long-Term Care.

The Council's mandate could include providing advice on specific health needs, priorities, strategies and performance measures for Aboriginal peoples. Council members would represent views of Aboriginal peoples, they could prepare reports and analyze research or information and / or make the Minister aware of any critical issues emerging in their communities. The mandate of the Council and role of Council members will not be included in the regulation; these will be addressed in operational policy.

A copy of the proposed regulation is attached as Schedule "A."

Introduction

Au nom du gouvernement de l'Ontario, le ministre de la Santé et des Soins de longue durée invite le public à faire des commentaires sur un projet de règlement en vertu de la *Loi de 2006 sur l'intégration du système de santé local*.

La loi exige que le ministre crée un conseil des services de santé composé de personnes représentant les Autochtones, afin de conseiller le ministre sur les questions relatives à la santé et à la prestation de services qui concernent les Autochtones et les Premières nations et sur les priorités et stratégies à intégrer au plan stratégique provincial à l'égard de ces peuples. Le lieutenant-gouverneur en conseil est autorisé en vertu de la Loi à créer des règlements touchant les organismes faisant partie du conseil.

Conformément à la Loi, le ministre doit publier un avis du projet de règlement dans la *Gazette de l'Ontario* et en donner avis par tout moyen qu'il estime approprié. Il doit aussi laisser au moins soixante (60) jours au public pour faire ses commentaires.

Aperçu de la loi

La *Loi de 2006 sur l'intégration du système de santé local* a reçu la sanction royale le 28 mars 2006. La Loi vise à établir un système de santé intégré afin d'améliorer la santé de la population ontarienne grâce à un meilleur accès aux services de santé, à des soins de santé coordonnés et à une gestion efficace et efficiente du système de santé à l'échelon local par l'entremise de réseaux locaux d'intégration des services de santé (RLISS).

Projet de règlement en vertu de la *Loi de 2006 sur l'intégration du système de santé local*

Le projet de règlement énumère les organismes au sein desquels les membres du conseil seront sélectionnés. Dans ce projet de règlement, les membres du Conseil des services de santé aux Autochtones seraient des représentants et représentantes des organismes suivants :

- Aboriginal Health Centres Network de l'Association des centres de santé de l'Ontario.
- Association of Iroquois and Allied Indians.
- Grand conseil du traité no 3.
- Independent First Nations Forum.
- La Nation des Métis de l'Ontario.
- Nation Nishnawbe-Aski.
- Ontario Federation of Indian Friendship Centres.
- Association des femmes autochtones de l'Ontario.
- Union of Ontario Indians.

Le Conseil des services de santé aux Autochtones serait d'envergure provinciale et aurait comme rôle de donner des conseils au ministre de la Santé et des Soins de longue durée.

Le mandat du conseil pourrait inclure de conseiller sur des questions relatives aux besoins particuliers, les priorités, les stratégies et mesures du rendement pour les Autochtones. Les membres du conseil représenteraient l'opinion des peuples autochtones, ils pourraient préparer des rapports et analyser la recherche ou porter à l'attention du ministre des questions critiques dans les collectivités. Le mandat du conseil et le rôle des membres ne seraient pas inclus dans le règlement; ils seraient plutôt ajoutés dans une politique opérationnelle.

Une copie du règlement proposé est jointe à l'Annexe « A ».

2. L'auteur de la demande doit présenter sa demande dans les délais suivants après le moment où les frais et les dépenses ont été engagés :
   i. 18 mois,
   ii. deux ans, dans les cas où Sa Majesté du chef de l'Ontario convient par écrit, avant ou après l'expiration de la période de 18 mois, que le retard ne porte pas atteinte au droit de subrogation de Sa Majesté à l'égard de l'indemnisation.
3. L'auteur de la demande doit s'être conformé aux arrêtés ou aux directives le visant qui ont été validement pris ou données en application de la partie X de la Loi et, sauf disposition contraire de tout arrêté pris ou de toute directive donnée en vertu de cette partie, aux arrêtés prix, aux directives et ordres donnés et aux ordonnances rendues en application de la *Loi sur la protection de l'environnement*, de la *Loi sur les ressources en eau de l'Ontario* ou de la *Loi sur les pesticides*.
4. L'auteur de la demande doit satisfaire aux exigences suivantes :

6. L'auteur de la demande, s'il s'agit d'une municipalité, d'une municipalité régionale ou d'un autre organisme public, ne doit pas, dans sa demande, réclamer le paiement des frais ou dépenses qu'il aurait par ailleurs engagés afin d'exécuter les fonctions ou d'exercer les pouvoirs d'origine législative si l'arrêté ou la directive prévu à la partie X de la Loi n'avait pas été pris ou donnée.

f) les assureurs, au sens de la *Loi sur les assurances*, dont les demandes de règlement ont trait à un contrat d'assurance au sens de cette loi.

5. Les conditions suivantes sont prescrites pour l'application de l'article 103 de la Loi :

1. L'auteur de la demande doit faire ce qui suit :

i. présenter sa demande selon la formule fournie par la société,

ii. fournir ou permettre que soient fournis les renseignements et la preuve que peut raisonnablement exiger la société en vue de déterminer le droit à l'indemnisation ou le montant de celle-ci.

2. L'auteur de la demande ne doit pas avoir conclu de transaction à l'égard d'une partie quelconque de la demande d'indemnisation présentée contre une personne relativement à toute question faisant l'objet de la demande sans avoir obtenu au préalable le consentement écrit de la société.

6. Le principe suivant doit être appliqué lors du calcul du montant du paiement que l'article 103 de la Loi autorise à effectuer à chaque auteur d'une demande :

1. Dans le cas de l'auteur d'une demande qui ne réside pas habituellement en Ontario, la société ne doit pas autoriser à lui verser un montant supérieur à celui qui lui serait versé à titre d'indemnisation dans le territoire de l'autre autorité législative si les conditions suivantes étaient réunies :
   i. l'auteur de la demande réside habituellement en Ontario,
   ii. le droit applicable est la législation en vigueur dans le territoire de l'autre autorité législative le jour où s'est produit le déversement,
   iii. le déversement s'est produit dans le territoire de l'autre autorité législative.

7. (1) Les conditions suivantes doivent être respectées avant que la société ne puisse autoriser quiconque à effectuer un paiement, en vertu de l'article 103 de la Loi, à l'auteur d'une demande qui soit est le propriétaire d'un polluant, soit la personne qui exerce un contrôle sur le polluant :

1. Chaque demande d'indemnisation présentée à l'égard du déversement du polluant par une personne autre que l'auteur de la demande et chaque réclamation qui peut être contenue dans la demande doivent avoir fait l'objet d'une transaction conclue avec la société, l'auteur de la demande ou l'assureur de ce dernier ou la réclamation doit avoir fait l'objet d'une poursuite en vue d'obtenir un jugement définitif, un rejet ou quelque autre décision définitive.
2. La demande d'indemnisation doit être soumise à la société dans l'année qui suit la date à laquelle l'ensemble de la responsabilité de l'auteur de la demande à l'égard du déversement fait l'objet d'une décision définitive, notamment par voie de transaction ou de jugement.
3. L'auteur de la demande doit être tenu, à tout moment après le déversement, de payer une indemnisation en application de la partie X de la Loi.
4. Sauf si la société a renoncé à cette exigence, l'auteur de la demande doit avoir intenté une action contre toutes les personnes contre lesquelles il est raisonnable de considérer qu'il dispose d'une cause d'action à l'égard du déversement et il doit :
   i. d'une part, soit avoir conclu une transaction avec la personne responsable en droit du déversement, soit avoir poursuivi l'action contre la personne visée en vue d'obtenir un jugement définitif ou un rejet,
   ii. d'autre part, dans les cas où il a obtenu un jugement définitif contre une autre personne à l'égard du déversement, avoir exercé tous les recours judiciaires à sa disposition pour obtenir paiement aux termes du jugement.
5. La valeur de l'actif de l'auteur de la demande, ajoutée au montant du paiement que la société se propose d'autoriser, doit être suffisante, de l'avis de celle-ci, pour combler l'ensemble du passif de l'auteur de la demande.
6. L'auteur de la demande ne doit pas avoir été responsable, en vertu de la common law, de quelque réclamation, frais ou dépense que ce soit découlant du déversement.

(2) Pour l'application de la disposition 6 du paragraphe (1) :

a) d'une part, l'auteur de la demande qui engage sa responsabilité aux termes d'une disposition à cet effet dans un contrat ne doit pas, pour cette seule raison, être considéré comme responsable en vertu de la common law;

b) d'autre part, l'auteur de la demande qui serait responsable en vertu de la common law si une disposition d'un contrat ne prévoyait pas le contraire est considéré l'être.

8. (1) Le montant du paiement que l'article 103 de la Loi peut autoriser à effectuer à l'auteur d'une demande qui est soit le propriétaire du polluant, soit la personne qui exerce un contrôle sur le polluant est calculé de façon à être égal au moindre des éléments suivants :

a) la différence entre les deux éléments suivants :
   (i) la responsabilité totale de l'auteur de la demande envers d'autres personnes en application de la partie X de la Loi plus le montant, jugé raisonnable par la société, des frais et dépenses engagés par celui-ci à l'égard des autres personnes pour empêcher et éliminer les conséquences préjudiciables dues au déversement ou en atténuer la portée et pour reconstituer l'environnement naturel,
   (ii) le total des montants qui sont recouvrables, de l'avis de la société, et des sommes encaissées par l'auteur de la demande à l'égard du déversement, à l'exclusion des paiements effectués à ce dernier ou pour son compte par son assureur,

   moins le plus élevé des deux éléments suivants :
   (iii) la franchise déterminée applicable,
   (iv) le montant de la couverture d'assurance de l'auteur de la demande qui est applicable à la responsabilité découlant

du déversement;

b) la responsabilité totale de l'auteur de la demande envers d'autres personnes en application de la partie X de la Loi, jusqu'à concurrence du total des limites prescrites au paragraphe 10 (2) à l'endroit de tous les créanciers du fait du déversement à l'égard du déversement, plus le montant, jugé raisonnable par la société, des frais et dépenses engagés par l'auteur de la demande à l'égard des autres personnes pour empêcher et éliminer les conséquences préjudiciables dues au déversement ou en atténuer la portée et pour reconstituer l'environnement naturel.

(2) Dans les cas où le montant établi en application de l'alinéa (1) b) serait plus élevé si une limite prescrite à l'alinéa 10 (2) b) n'était pas appliquée, le montant ainsi établi peut être augmenté en substituant à cette limite le montant versé au créancier du fait du déversement par l'auteur de la demande ou pour son compte aux termes d'une police d'assurance.

(3) Le montant du paiement que l'article 103 de la Loi autoriserait par ailleurs à effectuer à l'auteur d'une demande qui est soit le propriétaire du polluant, soit la personne qui exerce un contrôle sur le polluant est réduit d'un montant égal à la somme des éléments suivants :

a) le montant des pertes, dommages, frais ou dépenses liés au déversement que l'auteur de la demande aurait pu éviter s'il avait exécuté l'obligation que lui impose le paragraphe 93 (1) de la Loi de prendre toutes les mesures réalisables pour empêcher et éliminer les conséquences préjudiciables dues au déversement ou en atténuer la portée et pour reconstituer l'environnement naturel;

b) le montant des pertes, dommages, frais ou dépenses liés au déversement qui auraient pu être évités si l'auteur de la demande s'était conformé aux arrêtés ou ordres validement pris ou donnés et aux recommandations raisonnables formulées par les fonctionnaires relativement aux mesures à prendre pour empêcher et éliminer les conséquences préjudiciables ou à en atténuer la portée et pour reconstituer l'environnement naturel.

(4) Si l'auteur d'une demande visé au paragraphe (1) est protégé par une police d'assurance, rédigée selon une formule qui est déposée auprès de la société et acceptée à cette fin, pour un montant au moins égal à la franchise déterminée et que les frais de défense sont assujettis aux limites de l'assurance, les frais de défense payés aux termes de la police d'assurance à l'égard des réclamations qui constituent l'objet approprié de la demande font partie de la responsabilité totale mentionnée au sous-alinéa (1) a) (i).

9. Les conditions suivantes doivent être respectées avant que la société ne puisse autoriser quiconque à effectuer un paiement, en vertu de l'article 103 de la Loi, à l'auteur d'une demande qui est un créancier du fait du déversement :

1. L'auteur de la demande doit avoir déployé tous les efforts raisonnables pour établir l'identité des personnes responsables envers lui du déversement.

2. i. L'auteur de la demande doit déployer tous les efforts raisonnables afin de signifier à toutes les personnes qu'il a des motifs de croire, après avoir fait des recherches raisonnables à cet effet, responsables envers lui du déversement un avis écrit de la demande et une réclamation écrite pour le paiement du plein montant des pertes, dommages, frais et dépenses indiqué dans la demande, mais la présente condition ne lui impose aucune obligation de signification à l'endroit des personnes dont il ne connaît pas l'identité s'il a déployé tous les efforts raisonnables pour établir celle-ci.

   ii. La sous-disposition i ne s'applique pas dans les cas où l'auteur de la demande satisfait à la condition 3 des présentes conditions avant de présenter une demande de paiement à la société.

3. i. Sauf si la société a renoncé à cette exigence, l'auteur de la demande doit intenter une ou plusieurs actions contre toutes les personnes responsables envers lui du déversement dont il connaît l'identité ou dont il peut établir celle-ci en déployant des efforts raisonnables à cette fin.

   ii. L'action ou les actions intentées doivent viser à recouvrer au moins le plein montant des pertes, dommages, frais et dépenses à l'égard desquels la demande est présentée à la société.

   iii. L'auteur de la demande doit poursuivre l'action ou les actions en vue d'obtenir un jugement définitif ou un rejet, mais aucun rejet ne reposant pas sur le bien-fondé de sa réclamation ne satisfait à la présente condition.

   iv. Dans les cas où il obtient un jugement définitif en sa faveur, l'auteur de la demande doit faire ce qui suit :

      A. déployer tous les efforts raisonnables afin d'obtenir paiement du montant du jugement définitif par le ou les débiteurs en vertu du jugement,

      B. remettre à la société son mémoire de dépens relatif à l'action liquidés sur une base partie-partie,

      C. céder le jugement définitif à la société, s'il ne parvient pas à obtenir du ou des débiteurs en vertu du jugement le paiement du plein montant du jugement définitif.

4. La condition 3 des présentes conditions ne s'applique pas dans les cas où l'auteur d'une demande présente à la société une demande de paiement ne dépassant pas la somme totale de 10 000 $ plus un paiement provisoire d'un montant ne dépassant pas 10 pour cent du solde de sa réclamation jusqu'à concurrence du moindre soit de la limite prévue à

l'alinéa 10 (2) b), soit du montant pour lequel la société se dit prête à consentir à la conclusion d'une transaction à l'égard d'une ou de plusieurs actions intentées par le créancier du fait du déversement relativement à un paiement concernant des pertes ou dommages, et :

i. d'une part, l'auteur de la demande remet à la société une renonciation revêtue de son sceau à toutes les réclamations à l'encontre de Sa Majesté du chef de l'Ontario à l'égard du déversement, si la réclamation ne dépasse pas 10 000 $,

ii. d'autre part, aucune des personnes responsables du déversement envers l'auteur de la demande ne paie ou ne s'engage à payer à ce dernier le montant de sa réclamation dans les 30 jours de la date à laquelle il signifie la dernière de ses demandes de paiement aux personnes responsables envers lui du déversement.

5. Aux fins du calcul du montant dont la société peut autoriser le paiement en vertu de la condition 4, tout montant que reçoit l'auteur de la demande d'une personne responsable envers lui du déversement est déduit du montant par ailleurs déterminé conformément à la condition 4 des présentes conditions.

6. i. L'auteur d'une demande qui intente une action prévue à la condition 3 des présentes conditions doit aviser dès que possible la société par écrit si l'une ou l'autre des situations suivantes se produit :

A. un défendeur ne produit pas de défense,

B. ni un défendeur ni son avocat ne se présentent au procès,

C. un défendeur ne se présente pas en personne à un interrogatoire préalable,

D. il est proposé de consigner un jugement avec le consentement ou l'accord d'un défendeur.

ii. Dans les circonstances mentionnées à la sous-disposition i de la présente condition, l'auteur de la demande doit faire ce qui suit :

A. remettre à la société les renseignements, les documents et la preuve que peut raisonnablement exiger la société afin de déterminer quelles mesures, le cas échéant, elle doit exiger qu'il prenne dans le cadre de l'action,

B. prendre, dans le cadre de l'action, les mesures que la société peut exiger de lui par écrit.

7. Sur demande à cet effet, l'auteur de la demande doit transférer à Sa Majesté du chef de l'Ontario tout bien à l'égard duquel la société propose d'autoriser le paiement d'un montant égal à la juste valeur marchande du bien en question.

8. Dans les cas où le montant de la demande ne dépasse pas 10 000 $, l'auteur de la demande doit passer une renonciation, revêtue sous son sceau, à toutes les demandes d'indemnisation par le ministre des Finances que peut autoriser la société.

9. L'auteur de la demande doit donner un avis provisoire écrit de la perte ou du dommage qu'il a subi à la société dans les 30 jours de la date à laquelle il en a pris ou aurait dû en prendre connaissance. Toutefois, la société renonce à la présente condition si elle est d'avis qu'aucune atteinte n'a été portée à sa capacité d'évaluer la perte ou le dommage en question.

10. L'auteur de la demande doit présenter sa demande par écrit à la société au plus tard au dernier en date des moments suivants :

i. deux ans après la date à laquelle il prend ou aurait dû prendre connaissance de la perte ou du dommage,

ii. un an après la date à laquelle il obtient un jugement définitif en sa faveur ou conclut une transaction relativement à l'action intentée à l'égard de la perte ou du dommage.

11. L'auteur de la demande doit aviser sans délai par écrit la société dès que survient un changement quelconque dans les renseignements mentionnés dans la demande ou relatifs à celle-ci.

10. (1) Le montant du paiement que l'article 103 de la Loi autorise à effectuer à un créancier du fait du déversement est calculé de la façon suivante :

1. Les intérêts sur le montant du jugement ou sur les dépens ne doivent pas être inclus dans le montant du paiement.

2. Dans les cas où le créancier du fait du déversement a réglé une réclamation à l'égard d'une perte ou d'un dommage résultant directement du déversement avec une personne autre que la société ou la Couronne sans avoir intenté d'action à cet égard, un montant raisonnable au titre des frais juridiques qu'il a engagés relativement à la transaction est inclus dans le montant du paiement.

3. Dans les cas où le créancier du fait du déversement a intenté une action et obtenu un jugement définitif portant entièrement ou partiellement sur une perte ou un dommage résultant directement du déversement, ainsi que sur les dépens :

i. si le jugement définitif porte entièrement sur la perte ou le dommage en question, un montant égal aux dépens de

l'action liquidés sur une base partie-partie est inclus dans le paiement,

ii. si le jugement définitif porte partiellement sur la perte ou le dommage en question, est inclus dans le montant dont le paiement est autorisé un montant correspondant à une proportion, par rapport au total des dépens de l'action liquidés sur une base partie-partie, identique à la proportion existant entre le montant du jugement définitif portant sur la perte ou le dommage en question et le montant total du jugement.

4. Aucun paiement ne doit être autorisé à l'égard d'une réclamation que présente le créancier du fait du déversement dans le cadre d'une action qui est rejetée de façon définitive.

5. Le montant qui serait par ailleurs autorisé à titre de paiement est réduit d'un montant égal à la somme des éléments suivants :

i. 500 $ pour chaque réclamation que présente le créancier du fait du déversement à l'égard des pertes ou des dommages matériels résultant directement du déversement qu'il a subis et des dépenses qu'il a engagées pour empêcher et éliminer les conséquences préjudiciables ou en atténuer la portée et pour reconstituer l'environnement naturel,

ii. le montant des pertes ou des dommages résultant directement du déversement que le créancier du fait du déversement aurait pu éviter s'il avait pris des mesures raisonnables à cette fin,

iii. le montant des pertes ou des dommages résultant directement du déversement qui auraient pu être évités si le créancier du fait du déversement s'était conformé aux arrêtés ou ordres validement pris ou donnés et aux recommandations raisonnables formulées par les fonctionnaires relativement aux mesures à prendre pour empêcher et éliminer les conséquences préjudiciables ou à en atténuer la portée et pour reconstituer l'environnement naturel.

6. Dans les cas où le montant de la réclamation d'un créancier du fait du déversement pour une perte ou un dommage prévu à l'alinéa 99 (2) a) de la Loi est supérieur à la limite prévue au paragraphe (2), cette limite est réduite d'un montant égal à la somme des éléments suivants :

i. tout montant que le créancier a recouvré aux termes d'un jugement définitif d'un tribunal,

ii. tout paiement que le créancier a reçu d'un fonds de secours,

iii. le montant de la couverture de toutes les polices d'assurance, au sens de la *Loi sur les assurances*, (à l'exclusion des polices d'assurance-vie), qui est applicable à la protection du créancier à l'égard de la perte ou du dommage, peu importe qu'il perde ou ait perdu le droit de recevoir ce montant, ou devienne ou soit devenu inadmissible à le recevoir, ou qu'il soit tenu ou puisse être tenu de rembourser ce montant par suite de quelque négligence ou manquement de sa part.

(2) La limite du montant dont la société peut autoriser le paiement à un créancier du fait du déversement pour une perte ou un dommage prévu à l'alinéa 99 (2) a) de la Loi est égale au moindre des éléments suivants :

a) la somme des montants suivants :

(i) les montants des jugements, y compris les dépens calculés de la façon prévue à la disposition 3 du paragraphe (1), dans les cas où le créancier a obtenu en sa faveur un jugement définitif dans une ou plusieurs actions intentées à l'égard de la perte ou le dommage en question,

(ii) les montants des transactions qu'a conclues le créancier, avec le consentement écrit préalable de la société, à l'égard d'une ou de plusieurs actions qu'il a intentées en recouvrement du montant de la perte ou du dommage en question;

b) 500 000 $.

(5) Le propriétaire et l'exploitant d'une piscine modifiée veillent à ce que l'eau de la piscine soit suffisamment claire pour qu'un sauveteur, du poste de surveillance qui est le moins affecté par les reflets à la surface de l'eau, puisse voir au fond de la piscine, à une distance de 35 mètres du poste, la marque noire continue mentionnée au paragraphe 18 (3) à l'endroit où la profondeur de l'eau est de 1,20 mètre.

(6) Le propriétaire et l'exploitant d'une piscine à vagues veillent à ce que l'eau de la piscine soit suffisamment claire pour que l'on puisse distinguer nettement un disque noir de 150 millimètres de diamètre sur fond blanc placé au fond de la piscine, à sa plus grande profondeur, à partir d'un point de la terrasse situé à neuf mètres du disque, quand le mécanisme de production de vagues est arrêté.

(7) Le propriétaire et l'exploitant veillent à ce que l'eau de la piscine soit traitée avec du chlore ou un composé de chlore ou de brome, au moyen d'un doseur réglable, de façon que, selon le cas :

c) il y ait dans chaque partie de la piscine au moins 0,5 milligramme par litre de chlore résiduel disponible libre;

d) si la stabilisation cyanurique est maintenue, il y ait au moins un milligramme par litre de chlore résiduel disponible libre associé à une concentration d'acide cyanurique ne dépassant pas 60 milligrammes par litre;

e) s'il ne s'agit pas d'une piscine à vagues et si un composé de brome est employé, il y ait au moins deux milligrammes de brome résiduel total par litre;

f) s'il s'agit d'une piscine à vagues et si un composé de brome est employé, il y ait au moins trois milligrammes de brome résiduel total par litre;

g) si le médecin-hygiéniste, ayant établi que la santé des baigneurs peut être menacée, exige par écrit une quantité minimale de chlore ou de brome résiduel supérieure à la quantité prévue à l'alinéa c), d) ou e), il y ait dans la piscine la quantité exigée.

(8) La méthode utilisée pour déterminer la quantité de chlore résiduel disponible libre mentionnée aux alinéas (7) c) et d) est telle que la présence de chloramines ou d'autres composés dans la piscine n'a aucun effet sur la détermination.

(9) Si l'addition des produits chimiques nécessaires pour maintenir le pH à la valeur requise et la teneur en désinfectant résiduel de l'eau de la piscine sont contrôlées par des détecteurs automatiques, et si le pH et la teneur en désinfectant résiduel sont automatiquement déterminés et affichés ou enregistrés de façon ininterrompue, l'exploitant établit au moins une fois par jour, par des méthodes de test manuelles, le pH et la teneur en chlore résiduel disponible libre et en chlore résiduel total ou en brome résiduel, pour vérifier que les détecteurs automatiques surveillent effectivement le pH et le désinfectant résiduel.

(10) L'exploitant détermine et consigne la teneur en chlore ou en brome résiduel et la valeur du pH mentionnées au paragraphe (7) une demi-heure avant l'admission des baigneurs dans la piscine et, par la suite, à des intervalles d'au plus deux heures tant que la piscine est ouverte.

(11) Si la stabilisation cyanurique est maintenue, l'exploitant détermine la concentration en acide cyanurique au moins une fois par semaine.

(12) Chaque jour d'ouverture, l'exploitant ajoute de l'eau d'appoint à la piscine à raison d'au moins 20 litres par baigneur, selon la quantité mesurée par un compteur d'eau installé à cette fin.

(13) Le propriétaire et l'exploitant veillent à ce qu'un compteur d'eau soit installé pour enregistrer le volume total d'eau d'appoint ajouté dans la piscine.

8. L'exploitant tient et signe des relevés quotidiens où il consigne :

a) la quantité de chlore disponible libre et de chlore résiduel total présente dans l'eau de la piscine ou, si un composé de brome est utilisé, la quantité de brome résiduel total;

b) le pH de l'eau de la piscine;

c) le nombre total de baigneurs admis chaque jour dans la piscine;

d) la valeur indiquée par le compteur d'eau d'appoint;

10. (1) Le propriétaire et l'exploitant d'une piscine autre qu'une piscine à vagues veillent à ce que le nombre total de baigneurs admis sur la terrasse et dans la piscine ne dépasse à aucun moment la charge maximale de baigneurs, établie au moyen de la formule suivante :

$$\text{charge maximale de baigneurs} = \frac{D}{2,5} + \frac{S}{1,4}$$

où

D représente la surface en mètres carrés de la partie de la piscine dont la profondeur est supérieure à 1,35 mètre;

S représente la surface en mètres carrés de la partie de la piscine dont la profondeur est égale ou inférieure à 1,35 mètre.

(2) Le propriétaire et l'exploitant d'une piscine à vagues veillent à ce que le nombre total de baigneurs admis sur la terrasse et dans la piscine ne dépasse à aucun moment la charge maximale de baigneurs, établie au moyen de la formule suivante :

$$\text{charge maximale de baigneurs} = \frac{D}{2,5} + \frac{S}{1,1}$$

où

D représente la surface en mètres carrés de la partie de la piscine dont la profondeur est supérieure à un mètre quand le mécanisme de production de vagues est arrêté;

S représente la surface en mètres carrés de la partie de la piscine dont la profondeur est égale ou inférieure à un mètre quand le mécanisme de production de vagues est arrêté.

(3) Il est permis de placer sur la terrasse des bancs ou des sièges temporaires destinés aux spectateurs assistant à des démonstrations aquatiques ou à des compétitions, à condition que :

a) la zone réservée aux spectateurs et le passage permettant d'y accéder soient séparés du reste de la terrasse par une barrière placée à au moins 0,60 mètre du bord de la piscine;

b) les bancs ou les sièges soient entreposés ailleurs que sur la terrasse quand ils ne sont pas utilisés.

(4) Si du matériel amovible, tel que des plates-formes de plongeon et de départ portatives et des cordes suspendues, est prévu pour les baigneurs, le propriétaire et l'exploitant veillent à ce qu'il ne soit mis en place sur la terrasse que quand le personnel responsable des activités aquatiques en surveille directement l'utilisation.

(5) Le propriétaire et l'exploitant veillent à ce qu'aucun aliment ni aucune boisson, sauf de l'eau, ne soient offerts ou consommés dans la piscine ou sur la terrasse.

11. (1) Le propriétaire et l'exploitant veillent à ce que la piscine, la terrasse et, le cas échéant, le vestiaire, le local des casiers-vestiaires, les toilettes, les douches et les couloirs de communication rattachés à la piscine :

b) ne comportent aucun obstacle dangereux;

c) soient ventilés de façon que les odeurs soient éliminées.

(2) Le propriétaire et l'exploitant veillent à ce que les toilettes, le cas échéant, soient toujours approvisionnées en papier hygiénique.

12. Si l'exploitant fournit des maillots ou des serviettes de bain, il veille à ce qu'ils soient :

a) nettoyés, désinfectés et rangés de façon hygiénique;

b) entreposés, après chaque utilisation et avant d'être envoyés au blanchissage, dans un endroit autre que celui où sont rangés les maillots et serviettes propres.

13. Si un chlorateur à gaz est utilisé dans une piscine publique, le propriétaire et l'exploitant de la piscine veillent à ce que :

a) des appareils de respiration autonomes à adduction d'air, à masque complet, pouvant être utilisés dans une atmosphère chlorée pendant 15 minutes soient fournis, lesquels sont rangés à l'abri de la poussière dans un placard situé à l'extérieur de la zone de contamination probable;

b) le chlorateur soit utilisé par une ou des personnes formées en conséquence;

c) le système de chloration cesse automatiquement d'injecter de la solution chlorée dès que le système de recirculation cesse d'alimenter la piscine en eau propre;

d) chaque bouteille de chlore se trouvant sur les lieux de la piscine soit maintenue en place en permanence par un système d'ancrage pour l'empêcher de bouger accidentellement;

e) un capuchon protecteur soit toujours placé sur le robinet de chaque bouteille de chlore, sauf quand celle-ci est raccordée au chlorateur;

f) une clé permettant d'actionner le robinet soit adaptée à la tige du robinet de chaque bouteille de chlore raccordée au chlorateur;

g) une bascule d'une capacité d'au moins 135 kilogrammes soit prévue pour chaque bouteille de chlore utilisée;

h) l'exploitant prenne toutes les dispositions nécessaires pour assurer la sécurité des baigneurs avant de raccorder ou de déconnecter une bouteille de chlore.

14. Si une piscine publique est équipée d'une plate-forme de plongeon située à plus de trois mètres au-dessus de l'eau, l'exploitant veille à ce que :

a) la barrière d'accès à la plate-forme soit verrouillée, sauf quand cette dernière est utilisée pour le plongeon;

b) quand la plate-forme est utilisée pour le plongeon, la piscine ne soit utilisée que pour cette activité, à moins qu'une barrière rigide ou des cordes de sécurité doubles, espacées de 300 millimètres et soutenues par des bouées, ne soient mises en place à une distance, calculée à partir de la paroi située sous la plate-forme, de :

(i) 11,60 mètres s'il s'agit d'une plate-forme située à 5 mètres au-dessus de l'eau,

(ii) 12,50 mètres s'il s'agit d'une plate-forme située à 7,5 mètres au-dessus de l'eau,

(iii) 15,25 mètres s'il s'agit d'une plate-forme située à 10 mètres au-dessus de l'eau,

et que les activités autres que la plongée soient effectivement limitées à la partie de la piscine qui se trouve à

l'extérieur de la zone délimitée pour la plongée.

15. Chaque baigneur prend une douche ou un bain avec du savon et de l'eau chaude avant de pénétrer sur la terrasse.
